DIRECTOR IDENTIFICATION NUMBER

If you are nominating for a Directors position at Wyangala Country Club and have not previously been a director of a company, you must apply for a DIN before you can be appointed. This requirement came into place from 5 April 2022. You must provide the Club with your DIN in order to be a director.

What is a DIN?

A director identification number (director ID) is a unique identifier you will keep forever. It will help to prevent the use of false or fraudulent director identities.

Why you need a director ID

Shareholders, employees, creditors, consumers, external administrators and regulators are entitled to know the names and certain details of the directors of a company.

All directors are required by law to verify their identity with the Australian Business Registry Services before receiving a director ID. This is important because it will help to:

- prevent the use of false or fraudulent director identities
- make it easier for external administrators and regulators to trace directors' relationships with companies over time
- identify and eliminate director involvement in unlawful activity, such as illegal phoenix activity (when a company is liquidated, wound up or abandoned to avoid paying its debts. A new company is then started to continue the same business activities without the debt. When this happens:
 - employees miss out on wages, superannuation and entitlements
 - suppliers or sub-contractors are left unpaid
 - other businesses are put at a competitive disadvantage
 - the community misses out on revenue that could have contributed to community services.

How to apply for a DIN

You need to apply for your own director ID. The fastest way to do this is online using the myGovID app to log in to ABRS online.

APPENDIX 1: LIST OF RELEVANT LEGISLATION...	17
---	----

WHAT IS THE CODE?

- A statement of common standards of conduct for all clubs that are members of ClubsNSW.
- An expression of the club industry's underlying values of honesty, fairness, integrity, compassion and community.
- A single, plain-English point of reference for the duty of care and due-diligence expectations of communities served by clubs.

WHY IS THE CODE NECESSARY?

The governance demands upon clubs continue to grow and become more complex. The conduct of club directors and managers is closely scrutinised by club members, regulators, policy makers, trade unions and the media. By adhering to the Code, Clubs can have greater confidence that they are meeting their responsibilities to all stakeholders.

Club Directors, management and staff are custodians of significant member assets and have an obligation to ensure that the administration and management of the club is conducted with efficiency, fairness and integrity.

The service of food and alcohol, and provision of gambling and other entertainment facilities demand high standards of responsible governance and administration. The Code reminds all those in leadership positions of their obligations and provides a framework for effective club performance.

OBJECTIVES OF THE CODE

- To promote consistently high standards of practice across the club industry;

- To bolster pride and confidence amongst club directors, managers, employees, members, suppliers and volunteers;
- To increase community trust in the effectiveness, accountability and transparency of club administration; and
- To guide and support clubs in fulfilling their mission and their obligations to all stakeholders.

SCOPE OF THE CODE

This Code of Practice sets standards of conduct for clubs who are members of ClubsNSW.

An alleged breach of the Code by a club that is a member of ClubsNSW will be dealt with in accordance with Part D of the Code.

Compliance with the Code of Practice and all recommendations or directions made by the Code Authority, Code Administrator and their representatives is a condition of membership of ClubsNSW.

This Code of Practice is not binding on Clubs who are not members of ClubsNSW.

Complaints about non-member clubs or which are of a nature which is not captured within this Code should be referred to the appropriate regulator for investigation.

Complaints about a registered club may only be made by members of that club.

Complaints cannot be made on behalf of another person, except in cases of incapacity or in exceptional circumstances. This assessment will be made by the Code Administrator on a case-by-case basis.

Complaints made by employees of a club who are also members of the club are entitled only

CLUB GOVERNANCE CODE OF PRACTICE

to make complaints regarding their engagement with the club as members, not as employees.

CONFLICT WITH LEGISLATION

Where there is any conflict or inconsistency between the Code and any Commonwealth or State legislation or regulation, that legislation or regulation will prevail to the extent of the conflict or inconsistency.

BEST PRACTICE GUIDELINES

ClubsNSW periodically issues Best Practice Guidelines for key areas of Club operation. By following them, clubs can minimise their risk of breaching the Code, or government regulations. Deviating from the *Best Practice Guidelines* does not always result in a breach of the Code.
